Briefly summarize the allegations made in the attached complaint.

I am concerned the the official Recall Jared Polis group is falsifying donations to cover up their mistakes that they made early on when each donation over the \$19.99 threshold. They raised over \$6000 on L-FM before shutting it down. Initially their registered agent was telling people that because they realized their error, they were going to donate those funds to a charity. This was stated multiple times by their registered agent Julianne Fuentes. Since then there has been nothing reported in their last two tracer reports that would indicate that the donated that money like they said. Instead it appears they have funneled those funds into their coffers by spreading them around out on their tracer as cash donations under \$20.00.

On the April Tracer, they showed that they had collected just over \$1300 in non-itemized cash donations (\$19.99 and under). In May that number increased over six times that amount yet their online donations slowed to a trickle and they made several posts to their followers beginning to donate even \$1.00 to the effort (on back).

By submitting this form with the attached complaint and any supporting evidence, I hereby certify that I am aware of the procedure outlined in Secretary of State Campaign and Political Finance Rule 18.2.

In addition, I am providing a screenshot from May 15th where their treasurer posted a contributions and expenditures report, telling all of us that they have £2,655.57 in total donations, but when I look at their report, the numbers don't appear to match. In addition they have now had 4 crowdfunding accounts, 2 GFM, 1 Freedom Fy and the most recent is Donorbox, the way they are moving around between the platforms gives me serious concern for financial accountability AND with the opening of Donorbox over a month ago, they are able to raise funds without the public being able to see how much they have raised on the platform at least the other 2 platforms make the information public. I am concerned they are cooking the books and the people are being ripped off. I hope you will look into it.
